Welcome to the Foster Evening MBA Program! The faculty, administration and staff of the Foster School of Business hope your time in the MBA Program is challenging, gratifying and successful.

The following documents contain essential information on policies, procedures, regulations and deadlines. Although these details may not be the most exciting part of your graduate work, you are responsible for knowing these policies and adhering to them. You can also use this handbook as a convenient reference to the services of the Foster School of Business and the University of Washington.

The MBA Program Office administers MBA academic and student services—including admissions, student advising, course scheduling, registration, and graduation. This office monitors your progress toward your degree and works with you to ensure that you meet all University and program requirements.

For policy updates and events, it is important to check the following on a regular basis:

- Your UW email account
- Your mail file in the MBA Lounge
- Weekly MBA Email Newsletter
- MBA Current Students website
- MBA Calendar of Events
- Canvas Account
In addition to recruiting and admitting students to the MBA programs, the MBA Program Office coordinates orientation and graduation, provides programs and services to complement the education process, maintains student records, interprets Foster School and University policies, and sponsors and facilitates various academic events for students.

The MBA Program Office:

- Provides information on course offerings and registration policies
- Facilitates solutions to registration problems and issues relating to tuition/fee charges
- Advises students regarding course selection, program and graduation requirements, and other academic issues
- Informs you of campus resources available to graduate students
- Assists in solving issues with Foster School scholarships
- Organizes events to promote communication between students and administration
- Works with student leaders to promote leadership opportunities and participation in the program

If you have questions regarding these or related topics, please send us an email or stop by the office. In general, an advisor is available to help you on a walk-in basis, or you may make an appointment to speak with a specific staff member by contacting the main office phone number listed above.

MBA Career Management (MBACM) promotes the employment of Foster MBAs by focusing on professional and career development and corporate relationships. MBACM advises students in identifying their career goals and plans, while supporting their attainment of internships and full-time employment. The program offers recruiting opportunities, resources, professional development, alumni and employer networking opportunities and executive career coaching. In addition, it is responsible for statistical employment reports.

MBA Career Management Programs:

- Personal Career Coaching
- On-Campus Recruiting (OCR) and non-OCR Recruiting
- Mentor Program
- Employer Advisory Boards

Additional information can be found on the [University Academic Calendar](#) (including registration and tuition deadlines) is available.
PART I: MBA PROGRAM POLICIES AND REQUIREMENTS

ACADEMIC PROGRAM OVERVIEW

The Evening MBA degree includes the successful completion of approximately 79-quarter credit hours of coursework. The program is designed to be taken on a part-time basis and the typical time to complete the program is 9 quarters. The curriculum is comprised of two parts: core curriculum and elective course requirements.

PROFESSIONALISM AND EXPECTATIONS OF A FOSTER MBA STUDENT

Students in the Evening MBA Program are expected to conduct themselves in a professional manner. The following guidelines are commonly recognized among students, faculty, administration and staff of the Foster School of Business.

CLASS ATTENDANCE

Class attendance is required. Class participation, impossible without attendance, is a factor used by faculty in determining course grades.

When it is necessary to miss a class due to illness or an unavoidable conflicting project for work, a student should always notify the faculty member by email or by phone prior to missing the class. When a student misses class, the student is still responsible for all material covered in that class. The student is expected to contact classmates for a synopsis of the discussion that transpired during the class session. In some instances, a student may be asked by the course instructor to complete additional work to make up for the missed class session. Students that miss more than two class sessions of a course may be un-enrolled.

Entering a class or speaker presentation late or leaving early is disruptive for both the speaker and other attendees and should be avoided. If it is absolutely necessary to arrive late or to leave early, the student should notify the professor or sponsor of the event in advance and should make every effort to minimize the disruption caused by late entry or exit.
Students are **required** to attend class in the section to which they are assigned. Attending a different section of the same course is discouraged. On rare occasions when missing a specific session is unavoidable for valid reasons as described above, you may need to attend a class in a different section. **To do this, you should request permission from the instructor in advance.** Some instructors will approve this request if there is space available. As a guest in a different section, you must wait until students registered in the section take their seats before you take an open seat.

**COMPUTER USE IN CLASS**

You may use your computer in the classroom only to take notes or access materials as permitted by your instructors. **Using your computer in class for email, social media, or web surfing is forbidden**—except during official class breaks. If students use computers inappropriately during class instruction, faculty members may choose to ban computers from class sessions. In general, faculty members do not allow the use of computers during in-class exams.

**EVENT ATTENDANCE AND ATTIRE**

Some Foster School events, including many career management programs, require attendees to RSVP. Based on your commitment to attend, the school and speakers will invest time and money to accommodate you at the event. **When a student commits to attend events, then fails to do so, it may cause faculty, staff, and students to hesitate in depending on that student.** The Foster School reserves the right to bar a student from participating in an event for the following reasons:

- The student has not submitted an RSVP
- The student repeatedly fails to attend events after indicating he or she plans to attend
- A student is not appropriately dressed for the event as specified in advance

To avoid these problems, stand by the commitments you make and always note the required attire specified for an event.

While the general atmosphere of the Foster School is casual, there are many events for which professional attire and demeanor are expected. This is particularly true of off-campus events, such as company visits, meetings of professional organizations, or dinners. **Always obtain information about appropriate attire prior to attending any event.** One student dressed inappropriately or who behaves in an unprofessional manner can leave a negative impression of not only that individual, but the entire Evening MBA program as well. Keep in mind that as a Foster Evening MBA student at such events, you represent not only yourself but also the Evening MBA program and Foster School as a whole.
CELL PHONE ETIQUETTE

The use of cell phones during structured events is disruptive to those in attendance. Students are asked to turn off their cell phones and to not answer calls or texts during classes, speakers, mentor visits, presentations, or in any other formal setting.

APPROPRIATE USE OF EMAIL AND OTHER MEANS OF COMMUNICATION

Use of the University of Washington email system is a privilege that may be revoked at any time. Sending inappropriate or offensive emails is not acceptable and may subject a student to disciplinary action. (Official email guidelines are listed on the UW website.) Use good judgment and restraint before distributing jokes, personal attacks, or other messages that you may believe are acceptable or funny but which may offend others. Keep in mind that, in addition to your fellow students, many staff members and alumni are also receiving these messages. All email on the UW system is a public document, and there is no email privacy.

The MBA Program Office uses certain email lists for official announcements. Other lists are available for broader communications. Official email lists are one of the primary communication channels between MBA program staff and faculty and MBA students. Students are required to read emails sent from the official lists, and students are assumed to have knowledge of the content of official newsletters and announcements. If you fail to read key email notices, you may miss essential deadlines or other program obligations or events. Students may choose to remove themselves from unofficial email lists. See additional details on email lists.

Strong connections with thousands of alumni and members of the business community are one of the most valuable resources of the Foster School of Business. Foster Evening MBA students should handle all communications and personal interactions with these individuals with patience, grace, and a professional approach under all circumstances—even in the occasional situation when that professionalism is not reciprocated. Consult with an MBA staff member when in doubt about how to respond to a communication problem with an alum or member of the business community.

EVENING MBA DEGREE REQUIREMENTS

The Evening MBA program is designed to be completed part-time over a three-year period, and is comprised of 13 required core classes (47 credits), eight 4-credit elective classes (approximately 32 elective credits), and participation in a case competition for a total of 79 credits.

Following is a schematic of the program requirements. Students may vary from this plan depending on which quarters elective classes are taken.

**EVENING MBA CORE POLICIES AND REQUIREMENTS**

The objectives of the core of the Evening MBA Program are to

- Teach what you most need to know about the traditional core disciplines of accounting, finance, management, marketing, and operations to become an effective general manager
- Instill an appreciation of the multi-dimensional nature of business problems and assure that you feel comfortable managing across functional boundaries
- Increase your awareness of the ethical aspects of many business decisions, and help you understand the role of business in society and in the increasingly global competitive environment.

The core consists of **13 required courses** (a mix of 2-, 3- and 4-credit courses) equivalent to 47 credit hours. These classes will be graded on a **4.0 scale**, except for MGMT 510 (eLEAD) which is graded credit/no credit. Below is a list of the core classes:

- ACCTG 500 Financial Accounting
- ACCTG 501 Managerial Accounting
- BECON 500 Introduction to Business Economics
- BECON 501 Analysis of Global Economic Conditions
STUDY TEAMS

Much of the work in your classes will be done in a team environment. For your core classes, the MBA Program Office assigns you to a study group. Teams are assigned based on many factors, and great care is taken to ensure that all core sections and teams are well balanced. Some of the factors used to place students in sections and teams are student origin (domestic vs. international), gender, ethnicity, quantitative skill, work experience, employer, and undergraduate school and degree. Your team will change once during the core, between the first and second years of the program. **You may not switch teams or sections without approval from the MBA Program Office.**

CORE COURSE REGISTRATION

Evening MBA students are registered by the MBA Program Office, and are unable to register using the online MyUW system. Whether you are adding, dropping, or making other adjustments to your schedule, you **must contact the MBA Program Office for assistance** by emailing mbaregis@uw.edu. Because you cannot register yourself for classes, it is important that you communicate your registration intentions with the MBA Program Office on a quarterly basis by the posted deadline.

Prior to registration each quarter, students are asked to notify the MBA Program Office of their registration plans by a specific deadline. You will receive an email detailing your course schedule for the next quarter and asking you to notify the MBA Program staff if the information in incorrect. This deadline is announced in the **Weekly Evening MBA Newsletter**. The MBA Program Office will not be able to register students who have holds or restrictions on their account. **Core registration information** is posted online and is updated on a quarterly basis.
REGISTRATION TIMELINE FOR 2015-2016

See the Registration Calendar on the Current Students website for current registration deadlines.

FINAL EXAMINATION SCHEDULE

The final examination schedule is published in the University's Quarterly Time Schedule which is available on the UW website. Note that exam dates and times are determined by the instructor, and you should verify your exam schedule with your instructor.

CORE GRADING

To maintain comparability across terms, the core faculty members agree to a general guideline for core grading: grades for each course have an approximate median of 3.4. This is only a guideline, and it may be adjusted if a class is deemed to have performed especially well or poorly.

CASE COMPETITION

Evening MBA students are required to participate in a program-sanctioned case competition before graduating from the Evening MBA Program. The Evening MBA Case Competition occurs the week before instruction starts for the year. All students going into their second year are required to attend or make alternative arrangements. Contact the MBA Program Office with questions.

ACCELERATING YOUR EVENING MBA PROGRAM

The Evening MBA Program is designed to be completed over a three-year period; however, some evening students choose to accelerate their program and complete their degree early by taking additional classes throughout the program.

As evening core courses are offered only once a year and are structured in a sequential fashion. You will not be permitted to take a core class earlier than it is scheduled to be taken or out of sequence. Evening students can take elective classes before they have completed all of their core requirements under the following conditions:
- You must have completed the core prerequisite(s) for the elective course (e.g., you must take MKTG 501 before you are eligible to take any marketing electives).

- You enroll in elective classes on a space-available basis. Second- and third-year evening and second-year full-time MBA students have priority into the elective classes. Each quarter a date is assigned when first-year evening MBA students may request a spot in an elective class. This includes evening, day and weekend elective classes.

- You may have classes from outside of the MBA Program pre-approved as elective classes toward your MBA degree. You are limited to four elective classes from outside the Foster School. Additional tuition and fees may be charged.

- There are additional per credit tuition costs for taking 9 or more credits in a single quarter. (Note: The exceptions to this are MGMT 510: Leadership Development/Building Effective Teams (eLEAD), a 2-credit core course during the autumn of your first year and an extra ninth credit required in the autumn of your second year—no tuition will be charged for these extra credits.)

There are pros and cons to accelerating your degree progress and you should discuss your plans with an MBA advisor.

EVENING MBA ELECTIVE POLICIES AND REQUIREMENTS

ELECTIVE COURSEWORK

Starting Spring Quarter of the second year of your Evening MBA program, classes are comprised of a mix of core requirements and elective classes. In your third year, your classes are all electives. Elective courses enable you to study in depth one or more subjects from a broad menu of business specializations offered. MBA elective classes are comprised of students from the Full-time and Evening MBA programs, international MBA exchange students, as well as graduate students in programs from outside the Foster School. A few of the elective classes (such as BECON 520 or 526) may be cross-listed with undergraduate business classes.

You are required to complete eight 4-credit elective classes for a total of 32 credits. There are also options to take 2-credit seminar style courses that are on a more specific topic. Two of these 2-credit courses satisfy one MBA elective requirement. Detailed instructions and information about elective classes and elective registration are reviewed during your second year.

Some general policies regarding elective selection are given below:
SUBJECT-AREA CREDIT LIMIT

You may take no more than 24 elective credits in any single subject area as indicated by course abbreviation (ACCTG, BCMU, BECON, ENTRE, FIN, IBUS, IS, MGMT, MKTG, OPMGT, QMETH). For example, you may take a maximum of six 4-credit elective courses in marketing or a maximum of 24 credits combining 2, 3, and 4-credit classes.

CERTIFICATE/SPECIAL PROGRAMS

Students may choose to participate in one of the special programs available through the MBA Program. Requirements for these programs vary and the electives count toward the 8 required for your MBA degree. Some programs require a formal application to participate. Evening students need to work closely with the coordinators of the various certificate programs in meeting certificate requirements. Elective classes and other certificate requirements do not always fit easily into the evening student’s schedule.

GRADUATE COURSES OUTSIDE THE FOSTER SCHOOL

You may take a maximum of 16 credits (four 4-credit courses) of graduate-level coursework outside the Foster School. The MBA Program Office must approve these credits before you register for them. Approval is based on demonstrated relevance of this coursework to your degree. Credits earned in business courses taken at an approved overseas exchange program do not count toward this 16-credit (four 4-credit course) limit. Non-MBA Course Request forms are available on the Evening MBA website.

Elective coursework taken in an MBA program at another university (other than partner universities) may not be transferred or counted toward your degree requirements. In addition, coursework taken in other graduate degree programs at the University of Washington before beginning the Foster Evening MBA Program (unless part of a concurrent degree program) will not count toward your degree requirements.

Since the evening program is fee-based, evening students taking classes outside the MBA Program may have difficulty registering for non-fee-based classes. The MBA Program Office will work with you and with the other program or school to find a solution to registering you for the course. Under no circumstances should you allow another program to register you for their classes without permission of the MBA Program Office.

Students that choose to take a non-MBA class from a fee-based program will be charged MBA tuition as well as the tuition for the host department. Consult with an MBA Advisor about your options.

UNDERGRADUATE COURSES

Most or all of your course work is completed at the graduate level (courses numbered 500 or above). You may request to apply up to two undergraduate courses toward your degree. As with graduate courses outside the
Foster School, undergraduate courses must be approved by the MBA Program Office before you register. Language courses are approved only if they are at an advanced, non-introductory level. A list of pre-approved undergraduate business course is on the Evening MBA website.

You may take undergraduate business courses under the following conditions:

- An equivalent course is not offered at the graduate level for an entire year
- The equivalent graduate-level course conflicts with other desired courses
- The undergraduate course is not elementary in nature

Note that enrolling in undergraduate courses may not count toward your enrollment for financial aid disbursement. Please contact the MBA Program Office to verify before you register for an undergraduate course.

ACCOUNTING 505

Accounting 505 (or the ACCTG 506, 507, 508 series) is an intensive 18-credit course required of some students in the Master of Professional Accounting program. Evening MBA students may take this class, and 8 credits count toward your MBA degree. The 8 credits count as two of your 8 required electives. Note that these accounting courses incur additional tuition charges.

INDEPENDENT STUDY

Independent studies are the mechanism to register for special experiential programs (Technology Commercialization Practicum, Entrepreneurial Law Clinic, or Field Study Management) or to pursue a personally-designed study project (in subjects or topics not offered in a regularly scheduled class). Independent Study courses may be designed in 2- or 4- credit increments fulfilling half or one elective requirement, respectively.

You may register for a maximum of 4 credits of 600-level independent study coursework during any one quarter. The MBA Program Office must approve all independent study projects. Although 600-level courses count toward degree requirements, the grades are not included in your cumulative GPA. For more details, please refer to the Independent Study Guidelines.

ELECTIVE COURSE REGISTRATION

Beginning in Spring Quarter of the second year of the program, Evening MBA students register for elective courses through a two-step process.
1. Participate in a **pre-registration bidding process (PBP)** run through the MBA Program Office
2. Register for classes through your MyUW account

**ELECTIVE BIDDING PORTAL**

Since some electives are in greater demand than others and to ensure equitable access, a bidding system is used. Each quarter before you register for your elective courses, you receive an allotted number of bid points based on the number of elective credits you are designated to take that quarter, which may be used to bid on day or evening elective courses. The bidding portal determines the elective courses in which you have permission to enroll. During Winter Quarter of your second year, you will be required to attend an information session that details the bidding process as well as elective courses offered during your second and third years. You only receive bid points during quarters in which the evening program curriculum is designed for you to take elective credits. View an outline of the evening curriculum [here](#).

**UW REGISTRATION POLICIES AND PROCEDURES**

The MBA Program Office must perform all registration transactions (i.e., adding and dropping) for evening students for all classes—even those courses taken outside of the MBA Program. If you register through another means, you may be charged additional/duplicate tuition. Once you are registered for classes, you can view your schedule on your MyUW page. It is your responsibility to complete your registration—including adding and dropping classes—by the deadlines set by the MBA Program Office and the UW Office of the Registrar. We give registration instructions and deadline reminders in the Evening MBA Newsletter. A complete list of registration deadlines is available on the [UW Academic Calendar](#). Since many of these deadlines fall on a Sunday, the MBA Program Office asks that you **contact us by noon on the preceding Friday with your registration request**. If you have questions about registration for core classes, you can email [mbacore@uw.edu](mailto:mbacore@uw.edu) and for assistance with elective classes, you can email [mbaregis@uw.edu](mailto:mbaregis@uw.edu).

**DROPPING, ADDING AND WITHDRAWING FROM COURSES**

Each quarter, the University has an official period for changes in registration. These deadlines are published on the University’s time schedule web page. **It is your responsibility to adhere to these deadlines.** After the initial assignment of courses, all dropping and adding of graduate business courses must be conducted by the MBA Program Office staff. The following is a brief summary of relevant times for dropping and adding courses or for withdrawing from classes (more detailed information on deadlines and fees is available at this UW Registrar [webpage](#)).
**ANNUAL DROP**

Each academic year (September through August) you may **drop** one course after the 14th calendar day of a quarter, but no later than the end of the **Late Course Drop Period** (see academic calendar for specific dates). Once this "annual drop" is used, no additional drops are permitted after the 14th calendar day until the next Autumn Quarter. A W grade and the week designation (W3 through W7) will follow the course title on your academic transcript. There is a $20 Change of Registration Fee charged for all registration changes made on a single day during this period. A **tuition forfeiture** may be charged. Note that these drop deadlines apply to all classes, even those which begin at a later time in the quarter.

**HARDSHIP WITHDRAWAL**

You may petition the Registrar for a **Hardship Withdrawal** if the following apply: 1) you are unable to complete the course in question because of a physical and/or mental debilitation, or 2) unusual or extenuating circumstances beyond your control prevented you from dropping the course by the drop deadline (the last day to drop an individual course for the quarter). The petition must be submitted with supportive documentation. If you used your "annual drop" to withdraw from the course prior to submission of a hardship withdrawal and your petition is granted, your "annual drop" is restored. If you use your one "annual drop" and then find that you must completely withdraw from the quarter, your one "annual drop" will be restored.

- **Week 1 of the quarter**: This period is from the first day of the quarter through the 7th calendar day of the quarter. You may add and drop classes for any reason without incurring a late registration fee. Entry codes are required to add the course and are available from the elective instructor after the quarter begins. If you get an elective add code from a course instructor, you must send it to the MBA Program Office who will formally enroll you in the class.

- **Week 2**: This period is from the 8th calendar day of the quarter through the 14th calendar day of the quarter. You may drop courses without restriction during this period. No record of the dropped course(s) is recorded on your transcript. You may add a course in this period with an add code. You incur a $20 fee for all registration changes made on a single day during this period. A **tuition forfeiture** may be charged.

- **Week 3**: During this week, you may continue to add courses without restriction. You incur a **$20 fee** per day for all registration changes made on a single day.

- **Weeks 3-7**: Each academic year (Autumn though Summer Quarters) you may drop one course after the 14th calendar day of a quarter, but no later than the end of the 7th week of the quarter (annual drop). The course is recorded on your transcript, along with a “W” and a number indicating the week you dropped the course. A $20 change-of-registration fee is charged, and there may be some **tuition forfeiture**. Adding a class after the 3rd week requires a **late add petition**.
• **After Week 7:** After week 7, you can’t drop an individual course but you are allowed to drop ALL your courses for the quarter through the last day of instruction.

**TUITION FORFEITURE**

When you make changes to your schedule from the 8th through the 30th calendar day of the quarter that result in you dropping from one tuition rate to another, or withdrawing completely from your classes, you are charged a tuition forfeiture fee. You are charged one-half of the tuition reduction (50% forfeiture) for classes dropped from the 8th through the 30th calendar day of the quarter during Autumn, Winter and Spring quarters or from the 8th to the 21st calendar day of Summer quarter. If you drop from one tuition rate to another such as dropping below full-time or dropping from over 18 credits to below the 18 credit surcharge threshold, you will be charged the tuition rate for the number of credits that you are now taking, plus one-half of the difference between full-time tuition and your new rate. If you have questions about potential tuition forfeitures, email mbaregis@uw.edu.

**ACADEMIC PERFORMANCE**

**ELECTIVE COURSE GRADES**

**ELECTIVE GRADE DISTRIBUTION**

To maintain comparability across terms, elective faculty follow a general guideline for elective grading: Grades for each course have an approximate median of 3.4. This is only a guideline, and it may be adjusted if a class is deemed to have performed especially well or poorly.

**GRADED COURSEWORK REQUIREMENT**

All elective coursework to be counted toward the Evening MBA degree is to be taken on a graded basis (i.e., not S/NS or audit). Courses offered for continuing education units (CEU’s) do not count toward your degree.

**CREDIT/NO CREDIT**

Courses that are only offered CR/NC can be taken and used toward the degree if the entire class is offered with that grading policy. In the Foster School this includes the following:

- Independent Studies
- Study Tours
- Venture Capital Investment course
GRADING SYSTEM

Grades for graduate students are based on a numeric value decreasing from 4.0 by one-tenth until 1.7 is reached. **Grades below 1.7 are recorded as 0.0 and do not count toward residency, total credit count, or grade and credit requirements.** For a complete list of the numeric values and their equivalent letter grades, consult the UW Graduate School Grading System and Master’s Degree Policies websites.

MINIMUM PASSING GRADE

A grade of **2.7 is the minimum numeric grade** that is accepted for each course to count toward fulfillment of degree requirements. You must maintain a **3.0 cumulative grade point average** to remain in good academic standing and meet the minimum GPA for graduation. **Although the UW records classes with grades between 1.7 and 2.6 on your transcript, these credits do not count toward your MBA degree.** Note that these grades may have an adverse effect on your cumulative GPA.

SATISFACTORY/NOT SATISFACTORY

Students may choose to take classes as S/NS, but note that courses taken S/NS do not count toward your MBA degree.

AUDITING CLASSES

MBA students may audit classes; however, these classes do not count toward your degree. Information about auditing courses can be found on the auditing website.

RECOGNITION FOR HIGH SCHOLARSHIP

DEAN’S LIST

During Autumn, Winter and Spring quarters, students are recognized for their academic achievement by being placed on the Dean’s List. To qualify for the Dean’s List, you must meet all of the following criteria:

1. Be in the **top 10%** of your class,
2. Meet or exceed a **3.7** quarterly GPA and
3. Complete **at least 8 credits** of courses that are graded on a 4.0 scale and are used to calculate the cumulative GPA

The Dean’s List is determined within a few weeks of the University posting the quarterly grades. If you have incomplete and/or unrecorded grades, you may not be recognized on the Dean’s List because the completion of those grades may alter your GPA. Once the Dean’s List is posted, the MBA Program Office does not monitor students’ records for grade changes. If you receive a grade change and believe that change will place you on the Dean’s List, you can contact the MBA Program Office to have your status reviewed.

Dean’s List students are sent a letter noting their achievement and their names are posted on the Evening MBA web site. The Dean’s List status is not noted on the student’s transcript.

**DEAN’S SCHOLAR**

At the end of each academic year, students with a cumulative GPA in the **top 10%** of their class are recognized as Dean’s Scholars. Students’ transcripts must be free of an excessive amount of grades that are unrecorded, incomplete, CR/NC or S/NS to be considered a Dean’s Scholar.

**BETA GAMMA SIGMA**

In Spring Quarter the top 20% of the graduating Evening MBA class is invited to join Beta Gamma Sigma a national business honor society.

**2015-2016 TUITION AND FEES**

Tuition rates for students entering in the Evening MBA Program in Autumn Quarter 2015 are below. **The tuition rates will remain the same for the three years you are enrolled in the Evening MBA Program.** Students who take longer than three years to complete their MBA degree will be charged the tuition rate of the graduating class in their 4th year. **IMA, Technology, S&A, Facility and U-PASS fees** by the University and could change during each year you are an MBA student.

**TOTAL FOR 3 QUARTERS:** 23,811

*2015-16 quarterly fees include:

- $41 technology fee
- $32 IMA fee
- $131 S&A fee
- $80 U-PASS fee
- $73 Facilities Renovation fee

A $45 international student fee will also be charged to students holding any type of visa.
DEGREE REQUIREMENTS

The following is a summary of University of Washington Graduate School requirements you must fulfill prior to being conferred the MBA degree:

COURSE REQUIREMENTS

You must complete 13 core courses (47 credits) and eight 4-credit elective classes (32 credits), meeting the specific course requirements outlined in this handbook.

CONTINUOUS ENROLLMENT

You are required to be registered continuously (except Summer Quarter or while on an official leave) for a minimum of two credits from entry into the Evening MBA Program until all requirements for your degree are complete.

Failure to maintain continuous enrollment automatically withdraws you from the Graduate School and requires you to reapply for admission to the University in order to continue. Reapplications are evaluated according to the competitiveness of the total applicant pool and the enrollment limits of the University.

If you find that you must interrupt your registration for health or family reasons, you may petition for a “leave of absence” or withdrawal from the University as described by Memo 9 of the Graduate School website. In either case, you should arrange an appointment with an advisor in the MBA Program Office to discuss your situation and your expected date of return to the program.

SATISFACTORY ACADEMIC PERFORMANCE

To be eligible for a graduate degree, you must obtain a minimum cumulative GPA of 3.00 in all graded coursework at the 400- and 500-level taken as a graduate student at the University of Washington. This includes work taken outside the Foster School. If you complete all course requirements with a cumulative GPA below 3.00, consult with an MBA advisor. In order to graduate, you need to take additional graded courses to raise your GPA.

QUARTERS IN RESIDENCE

You must complete a minimum of 36 credits as a graduate student at the UW. Part-time quarters may be combined to meet this requirement. To complete the requirements for the Evening MBA Program, you will have approximately 79 credits.
SIX-YEAR COMPLETION

All work for the Evening MBA degree must be completed within six years of your initial quarter of registration. This includes quarters spent on-leave and out of status. You must satisfy the degree requirements that were in force at the time you entered the program, as long as you graduate within the six-year limit.

GRADE POINT AVERAGE

As a graduate student, your GPA is calculated on the basis of numerical grades in 400- and 500-level courses (600-level independent study course or 300-level undergraduate class grades do not count in the GPA). Your cumulative GPA must remain above 3.0 in order to graduate from the program.

REPEATING COURSES

You may repeat any course if you are not satisfied with the grade you receive. Both the first and second grades appear on your transcript and are included in your cumulative GPA. Grades from subsequent repeats are not included in the GPA, but appear on your permanent record (transcript). Credits for repeated courses count only once toward your degree requirements.

MINIMUM PASSING GRADE FOR ELECTIVE CLASSES

A grade of 2.7 is the minimum numeric grade that is accepted for each course to be counted toward fulfillment of degree requirements.

INCOMPLETE GRADES

A grade of Incomplete (I) is given only in cases where you have been attending class, done satisfactory work until the last two weeks of the quarter, and satisfied the instructor that you cannot complete the work because of illness or other circumstances beyond your control. You must contract with the instructor for completion of your coursework. The Incomplete must be removed by the time of graduation. An unconverted Incomplete is not converted to a 0.0, but remains a permanent part of your record.

UNSATISFACTORY PROGRESS

In order to be in good standing, you must maintain a cumulative GPA of 3.00 for all 400- and 500-level graded coursework taken after attaining graduate status at the University of Washington (except as noted above). If you fall below this academic standard, you are evaluated individually on a quarterly basis. (Please note that
upon recommendation of the Dean of the Foster School, the Dean of the Graduate School takes official action.) The following are the typical change of status actions taken:

1. After the first quarter in which your cumulative graduate GPA falls below 3.00, you receive a warning letter.
2. If your cumulative GPA has not increased to a 3.0 or above after the second quarter, you are placed on probation and the transcript is marked "low: probation."
3. After the third quarter, if your performance again does not increase to a 3.0 or above, you are placed on final probation, and the transcript is marked "low: final probation." You are informed in writing of the program’s expectations for your subsequent performance. You must fulfill these to continue enrollment.
4. After the fourth quarter, if your performance has not met the specific expectations outlined in the previous step, you are dropped from the Evening MBA program and the transcript is marked "low: drop."

If, during any of these steps, your performance improves, but your cumulative GPA is still below 3.00, the Associate Dean for Masters Programs at the Foster School may elect to keep you on the same low scholarship status until your cumulative GPA reaches 3.00. Unusual circumstances may accelerate or decelerate the previous actions, but you are only kept in a final probation status for one quarter. You may also be placed in one of the various probationary statuses or dropped for lack of adequate progress toward the degree.

RIGHT TO APPEAL

You have the right to appeal a change of status action. Appeal should be made first to the Dean of the Foster School through the Associate Dean for Masters Programs. If not resolved at this level, you may appeal next to the Associate Dean for Student Affairs of the Graduate School, who may recommend that the Dean of the Graduate School present the case to the Graduate School’s Standing Committee on Appeals. Details of these appeal procedures are available in the University’s Student Conduct Code.

STANDARDS OF CONDUCT AND ACADEMIC DISCIPLINE

Admission to the University and the MBA program carries with it the presumption that you conduct yourself as a responsible member of the academic community and observe standards of conduct that is appropriate to the pursuit of academic goals. Breaches of this standard of conduct make you subject to disciplinary action, as explained in the University’s Student Conduct Code.
In addition, the MBA program has an *Honor Code*, addressing academic integrity, which students sign when they begin the program. Infractions of the honor code are brought before the Honor Council, a committee comprised of Full-time and Evening MBA students, a faculty member, the Associate Dean, and a staff member. The complete *Honor Code* can be found on the MBA website.

**STUDENT GRIEVANCE PROCEDURES**

In the unlikely event of a dispute with a faculty or staff member, we encourage you to attempt to resolve the matter directly with that individual. Should that prove infeasible, the University has established a grievance procedure that you can employ in the event you have an irreconcilable dispute with an instructor concerning a class or with staff concerning your academic progress. Information on the grievance policy may be found on the University website at the following links:

- University of Washington Process for Contesting an Individual Grade
- Graduate School Academic Grievance Procedures Regarding the Misapplication of Grading Policies or Unfair Treatment

**LEAVE OF ABSENCE**

In rare cases students may request a *leave of absence*. If you are in good standing (cumulative GPA of 3.00 or higher), have completed your core requirements, and plan to be away from the University and out of contact with University faculty and facilities for a quarter, you may petition for "on leave" student status. You must also meet the following requirements:

- You must have registered for and completed at least one 8-credit quarter of Evening MBA degree work prior to going on leave. (International students must complete three consecutive quarters.)

- You must submit a *Request for Graduate Leave Status* via the MyGrad Program. Requests can be submitted as early as two weeks prior to the first day of instruction. Note that if you are registered for a quarter, you may not submit a petition for on-leave status for that specific quarter unless you have officially withdrawn from all courses before the first day of that quarter.

- You must submit payment of the non-refundable fee no later than 11:59:59 p.m. PST on the last day of instruction.

- Leave is granted on a quarterly basis, though students may request leave up to four consecutive quarters. During your on-leave status, you are permitted to use the University Library and your UW
email account, but are not granted any of the other University privileges of a regularly enrolled or registered student.

WITHDRAWAL FROM THE UNIVERSITY

If you need to interrupt your registration for an undetermined period of time, you must withdraw from the University, and inform the MBA Program Office of your plans. A student previously registered in the Evening MBA program who has withdrawn and/or failed to maintain continuous enrollment, but who wishes later to resume his or her studies must reapply to the Evening MBA program, following the same procedures and deadlines as those for new applicants. An application for readmission carries no preference and is treated in the same manner as an application for initial admission, including the requirement of an application fee.

DEGREE AUDIT

Throughout the course of your study we invite you to check in with the MBA Program Office to ensure that your record of progress towards completing your degree requirements matches ours. You may send an email to mbaregis@uw.edu at any point during your study and we will respond with information detailing what you have completed to date. Please allow three work days for reply. You can also expect to receive a degree audit email from the MBA Program Office at the following times:

- During the summer months between your second and third academic year
- In Winter Quarter (after you have completed Spring Quarter bidding) of your third academic year

GRADUATION

APPLICATION TO GRADUATE

Applications for graduation are filed online. The earliest you may apply for graduation is the first day of the quarter in which you intend to complete your degree. To avoid a late penalty, you must apply by the last day of instruction before the final exam week for autumn, winter or spring or the 7th week of the quarter for summer. Once you complete an application to graduate, the MBA Program Office provides you with further instructions.
CONCURRENT DEGREE PROGRAMS

Students in concurrent degree programs must file separate graduation forms for each degree. In addition, you submit to the UW Graduate School a list of courses you have taken indicating to which degree they apply.

ENROLLMENT AND TUITION REQUIREMENTS

The UW requires that you are enrolled in classes and pay UW tuition during the quarter you expect to receive your degree. If you do not complete the requirements for graduation, you must register for the following quarter, pay tuition for at least two credits, and file an application to graduate.

GRADUATION CEREMONIES

Graduation Ceremonies are held once a year at the end of Spring Quarter, and information can be found on our website. Please note that this information is updated throughout the academic year as each year’s ceremony information solidifies. Graduating Evening MBA students may participate in both the Foster School and University graduation ceremonies described below.

FOSTER SCHOOL CEREMONY AND RECEPTION

Each June, the Foster School holds its own ceremony to recognize the accomplishments of students receiving their Master of Business Administration, Evening Master of Business Administration, or Doctor of Philosophy in Business Administration degrees. This ceremony is separate from the University’s commencement activities. Students who complete their degrees in the preceding autumn or winter quarter, or who plan to complete their degree at the end of the following summer quarter may participate in the June graduation ceremony. Further information regarding the ceremony is available from the MBA Program Office in spring quarter.

UNIVERSITY CEREMONIES

The University of Washington holds a graduation ceremony recognizing graduates at all levels and in all departments. Graduate-level business students may elect to attend this ceremony in addition to the Foster School ceremony.

CAP AND GOWN

All participants must wear caps and gowns to graduation. If you choose to attend both the Foster School and the UW ceremony, you wear the same cap and gown for both ceremonies. During May/June, the UW uses an outside vendor through which you can purchase your cap and gown.
CERTIFICATE PROGRAMS AND PROGRAMS OF STUDY

Evening MBA students have the opportunity to participate in certificate programs that encourage focused study of a specific aspect of business. Some of these programs provide a formal certificate, while others allow in-depth study in a target area. Evening students must work closely with the various programs of study to ensure that they meet the degree requirements or make appropriate substitutions as not all certificate program classes are offered in the evening.

FOSTER CERTIFICATE PROGRAMS

GLOBAL BUSINESS

The Global Business Certificate is an academic MBA certificate option that consists of several international activities and opportunities, serving as evidence of a student’s preparation for and commitment to global business. To future employers, the Global Business Certificate is an important signal of MBA student’s interest in working as a global manager. More information about this certificate is on the Global Business Center webpage.

ENTREPRENEURSHIP

The Buerk Center’s Certificate in Entrepreneurship prepares University of Washington graduate and PhD students for the world of start-ups and new technology enterprises. Our emphasis on cross-campus involvement means you’ll take entrepreneurship courses alongside students from other disciplines, work with UW inventors on their market-ready applications, and have the opportunity to apply for fellowships in UW technology ventures or local angel funds. Certificate students, whose disciplines range from engineering and architecture to drama and medicine, take classes, gain real-world experience, and network with the region’s most innovative entrepreneurs. Working together, students bring ideas to life through entrepreneurship competitions and the Jones + Foster Accelerator. See certificate requirements here.

OTHER PROGRAMS OF STUDY

CONSULTING AND BUSINESS DEVELOPMENT CENTER PROGRAMS

Explore the opportunities the Consulting and Business Development Center has for you.

- Board Fellows Program
INTERNATIONAL DEVELOPMENT CERTIFICATE

The International Development Policy and Management Certificate program (IDCP) offers students a foundation for addressing complex questions of poverty and development. The goal of the certificate within the student’s UW study is threefold: to understand the main debates, players, policies and values within international development; to be familiar with a common set of skills and applied approaches; and to appreciate the perspectives and methods that other disciplines bring to address current development challenges. The certificate is a cohort model that builds a network of individuals across campus with similar interests. See certificate requirements here.

NONPROFIT MANAGEMENT CERTIFICATE

The Nonprofit Management Certificate program (NMCP) gives you the tools and framework needed to meet the increasing challenges facing the nonprofit sector today. We have recently updated the NMCP curriculum and requirements to accommodate increasing demand for the program and to better enable students from diverse disciplines across the UW campuses to participate. See certificate requirements here.

ENVIRONMENTAL MANAGEMENT CERTIFICATE

In the Environmental Management Certificate program, graduate students from across the University collaborate to tackle real-world problems with profound policy, scientific and business ramifications. Students engage in environmental challenges—including energy, climate change, food systems, depletion of natural resources and pollution—and learn to organize collaborative teams to complete a client-based project. See certificate requirements here.

REAL ESTATE SPECIALIZATION

An informal Real Estate Specialization is available to students pursuing any appropriate Master’s degree within the University of Washington, with 12 credits, which includes one core MSRE course (Introduction to Real Estate), along with three additional real estate courses. This specialization typically attracts students from the fields of Planning, Business Administration, Architecture, Construction Management, and Public Affairs, but it is not limited to these degree programs. See more information here.
GLOBAL EDUCATION OPPORTUNITIES

The **Global Business Center** (GBC) provides global education opportunities on campus and abroad for all MBA students interested in building global business expertise. Contact the Global Business Center at passport@uw.edu or on Facebook for more information.

EXCHANGE PROGRAMS

The Foster School of Business has **18 MBA exchange programs** in 14 different countries. Exchange at the MBA level exposes students to new business perspectives and ideas, and challenges students to think about business in a global context. Moreover, students develop and broaden their international network, improve problem-solving skills, and gain relevant international experience for globally-oriented careers.

All MBA exchange programs are offered in English; however, students with strong language proficiency may be able to take courses in the local language. Students interested in studying at a partner institution in a language other than English need to complete an oral foreign language interview.

Foster MBA exchange programs operate under the home tuition model: Outgoing MBA exchange students pay their regular tuition to the University of Washington but study abroad instead. Exchange students are responsible for all other expenses related to the exchange opportunity, including program fees, airfare, accommodations, books, and general living expenses. Participating students earn International Business credits (IBUS 575, Business Studies Abroad), which apply directly to the MBA degree as electives. Credits are evaluated and awarded upon receipt of foreign transcripts. The maximum number of exchange (IBUS 575) credits that can be awarded is 16.

Evening MBA students who are in good academic standing (cumulative 3.0 GPA or higher) may be considered for an **MBA exchange program** after they have finished their core curriculum (at the completion of their second year). Information sessions are scheduled for Autumn and Winter Quarters. Exchange occurs in Autumn Quarter, though some students may be able to arrange exchanges in the summer or winter depending on the program. If a student has interest in another world region or specific university, it may be possible to study abroad via a University-level exchange.

GLOBAL BUSINESS STUDY TOURS AND CONSULTING PROJECT

STUDY TOURS

Global Business Study Tours are fast-paced, international, academic “field trips” that offer Evening MBA students insight into the business culture of destination countries. During these intensive two-week tours abroad, students visit a diverse array of local, national and international companies, gaining access to and insight from global executives. Each tour combines a mix of business visits with cultural activities and free time. A faculty representative accompanies the group to provide academic guidance and facilitate academic discussions throughout the tour.

Participants often regard the Study Tours as one of the top highlights of their MBA experience and some participate in two tours during their time at Foster; however, you may count only 2 credits from IBUS 570 (the Study Tour elective) toward your degree requirements.

The 2015-2016 Global Business Study Tours will take place in March 2016 and will travel to Cuba and South Africa. Most tours are eight to fourteen days in length, taking place in during the week prior to Spring Break and during Spring Break.

Tours are individually priced between $2,000 and $3,000 (airfare not included) and are posted on the Global Business Center website in early autumn. Information sessions occur in October and applications open in early November. Need based scholarships will be available.

GLOBAL CONSULTING PROJECT

The Global Consulting Project starts in December, continues through Winter Quarter and provides students an opportunity to work directly with an Indian NGO. Students travel to India to meet with their clients in December and spend the following quarter developing their deliverable. Through Skype presentations, deliverables are presented at the end of Winter Quarter. The trip typically costs approximately $2,500, not including airfare.

GLOBAL BUSINESS FORUM (BA 545)

The Global Business Forum (BA 545) is a one-credit MBA class and discussion forum in which professionals from around the world share their insights into the complexities of doing business globally - differences encountered, obstacles overcome, advantages discovered, and solutions developed. MBA students have the opportunity to interact with these speakers, discuss topical issues and network with globally-oriented professionals. Students who register for this course during 3 quarters will be considered to have completed one elective equivalent.
GLOBAL BUSINESS PROGRAM CERTIFICATE

From the beginning of their time at Foster, students can declare their intent to complete the Global Business Program Certificate. The Global Business Certificate is an academic MBA certificate option that consists of several international activities and opportunities, serving as evidence of a student's preparation for and commitment to global business. To future employers, the Global Business Certificate is an important signal of an Evening MBA student's interest in pursuing a globally-oriented career. To declare your interest, go to this link.

INTERNATIONAL STUDENTS

International students in the Evening MBA Program need to be aware of special issues and resources that pertain to them.

If an international student becomes a US citizen or Permanent Resident during the program, the student should talk with the International Student Services (ISS) office and the MBA Program Office about potential favorable changes in tuition rates and other aspects of UW enrollment. If an international student intends to apply or is approved for a new visa status, the student should notify the ISS and seek advice on how to continue enrollment in the UW.

INTERNATIONAL STUDENT SERVICES (ISS)

The Office of International Student Services (ISS) provides visa and immigration advising to international students who are at the UW on an F or J student visa.

- Administers the University's J-1 Exchange Visitor & F-1 Student programs.
- Advises students of the restrictions imposed and benefits accorded by their immigration status.
- Assists international students in resolving academic, financial and personal difficulties in coordination with faculty and other University resources and community agencies.
- Offers periodic workshops to keep international students advised of federal regulations, University policies, practical training, and campus and community activities.
ENGLISH LANGUAGE PROGRAMS

The University of Washington features one of the largest, most established international and English language programs in the United States. We offer a wide variety of programs for both undergraduate and graduate students to help you improve your English language skills, prepare for further study in the United States and learn about American culture, business and other subjects.

- Offers courses in grammar, vocabulary, lecture listening and academic writing. These classes are designed for current students.
- Offers courses designed to prepare international graduate students to be teaching assistants at the UW.
- Assists you in finding an English language conversation partner.

FOUNDATION FOR INTERNATIONAL UNDERSTANDING THROUGH STUDENTS (FIUTS)

The Foundation for International Understanding Through Students (FIUTS) connects university students to local and global communities through programs that build international awareness, cross-cultural communication, and informed leadership.

Based on campus at the University of Washington, FIUTS programs create a community of international and American students, members of the local community, and alumni around the world.

As a center of international culture that links campus with community, FIUTS delivers programs to a diverse range of constituents that promote cross-cultural understanding, global culture, and respect for diversity.

- Conducts comprehensive new student and scholar orientation programs
- Provides social support services for international students
- Coordinates short-term home-stays, trips, and tours
- Plans international student orientation, cultural workshops, and international student activities

STUDENT AND EXCHANGE VISITOR SYSTEM (SEVIS)

SEVIS is an internet-based system that allows schools and federal immigration agencies to exchange data on the visa status of international students. Accurate and current information is transmitted electronically throughout an F-1 or J-1 student's academic career in the United States. U.S. embassies and consulates also
have access to SEVIS. ISS is required to report specific information about international students who have been issued an I-20 or DS-2019 to attend the University of Washington. Go [online](#) for additional information on [SEVIS](#) and other helpful information.

**INSURANCE FOR INTERNATIONAL STUDENTS**

International students enrolled at the University of Washington are required to have and maintain accidental injury and illness insurance ([Washington Administrative Code 478-160-260](#)). They must either purchase the University of Washington [Student Health Insurance Plan (SHIP)](#) or fit into one of the categories that allow a student to apply for a waiver. Detailed information about the insurance requirement and the waiver process can be found at [http://iss.washington.edu/health-insurance](http://iss.washington.edu/health-insurance).

**ADDRESS CHANGE UPDATES**

The [Immigration and Nationality Act](#) requires any non-resident (who is not a citizen or national of the U.S.) in the US to report his or her address to the [Department of Homeland Security](#) within 10 days of any change of address. Details on the necessary steps can be found [online](#).

**RESIDENCY STATUS CHANGES**

If your residency status changes while you are in the MBA Program, please let the MBA Program Office know as it could affect your tuition charges.

If you have questions about becoming a Washington State resident, see the UW’s [Residency web page](#).

**ADDRESS AND EMERGENCY INFORMATION**

Please keep the UW and MBA Program Office apprised of any changes in your preferred mailing address, phone number, email address, or emergency contact information. You can change your records with the University in one of the following ways:

- Change your address online using [MyUW](#)
- In person, visit the [UW Registration Office](#) in 225 Schmitz Hall between the hours of 8:00am-5:00pm.
If an emergency situation arises in which someone may need to reach you while you are on campus (e.g., day-care problems, imminent birth of a child), please notify the MBA Program Office of the situation and provide a detailed schedule of where you can be reached.
PART II: FOSTER SCHOOL SUPPORT SERVICES

COMMUNICATION RESOURCES

To better communicate with students, the MBA Program Office has created several avenues for distributing messages—the majority of these are in an electronic format.

CANVAS

The University of Washington uses Canvas, a course management system. Many of your instructors use this system to post important announcements and course materials. Instructors also use this system to facilitate class discussions and for students to post homework assignments and take quizzes, along with other tools.

MBA students will use their UW NetID to log in to Canvas. If you encounter login or enrollment difficulties, contact bacshelp@uw.edu for assistance.

EVENING MBA NEWSLETTER

The Evening MBA Newsletters are a twice a week email communication sent to your UW email on Monday and Wednesday. The newsletters are the primary means of communication from the MBA Program Office and contain timely information on:

- **Events** for that week (Monday)
- **Academic information** such as pending deadlines, registration and classes information (Monday)
- **Career management** events and job/internship opportunities (Monday)
- **Foster Center announcements** (Wednesday)
- **Foster School and UW announcements** (Wednesday)

Past copies of the Newsletter are available here. It is your responsibility to read these newsletters and monitor the deadlines and announcements that apply to you and your interests.
EMAIL COMMUNICATIONS, LISTSERVS AND PROGRAM OFFICE EMAIL ADDRESSES

Once your UW account is set up, it’s time to start checking your mail. The MBA Program Office uses email as a main method of communication to students. Since students receive an incredible amount of mail, the MBA Program Office has created several listservs and email accounts to help clarify the content of emails.

As you start sending messages to these listservs, please consider the following:

1. Which listserv is appropriate for your message?
2. Does the subject line accurately reflect the message’s content?
3. Will your message be offensive to your classmates or the alumni and MBA staff on the list?
4. Do you want to send a response to the whole list or just to the writer of the original message? Make sure your ReplyTo line reads accordingly.

LISTSERVS

Evening MBA Lists:

- [evemba@uw.edu](mailto:evemba@uw.edu) Official program communications to all Evening MBAs
- [evemba2016@uw.edu](mailto:evemba2016@uw.edu) Evening students scheduled to graduate in 2016 (third year)
- [evemba2017@uw.edu](mailto:evemba2017@uw.edu) Evening students scheduled to graduate in 2017 (second year)
- [evemba2018@uw.edu](mailto:evemba2018@uw.edu) Evening students scheduled to graduate in 2018 (first year)

Full-time MBA Lists:

- [mbamail@uw.edu](mailto:mbamail@uw.edu) Official program communications for all Full-time MBAs
- [mba2016@uw.edu](mailto:mba2016@uw.edu) Official program communications to second year full-time MBAs
- [mba2017@uw.edu](mailto:mba2017@uw.edu) Official program communications to first year full-time MBAs

All Classes:

- [mbabull@uw.edu](mailto:mbabull@uw.edu) Informal announcements*

*Students may add or remove themselves from mbabull by sending an email to [mbaweb@uw.edu](mailto:mbaweb@uw.edu).
PROGRAM OFFICE EMAIL ADDRESSES

mbaregis@uw.edu  Questions about registration
mbacore@uw.edu  Questions about core classes, section & team assignment
mbacm@uw.edu  Questions about career management
mbanews@uw.edu  Weekly MBA Newsletter is sent from this address
mbaweb@uw.edu  To ask to be removed from or added to mbabull

EVENING MBA WEB SITE

The [Current Students page](#) on the Evening MBA web site contains resource materials to answer many of the questions you encounter while in the Evening MBA Program, including:

- **Academics** – Program structure and requirements, curriculum, registration information, forms
- **Communication** – MBA newsletters, event calendar, listservs
- **Resources** - Student Handbooks, Scholarships, Replacement Name Tags/Tents, Event Guide, Student Guide, Honor Code, UW web pages
- **Graduation** – Filing for graduation, ceremony information
- **Quick Links** to Canvas, academic appointment scheduling, the MBAA, and other important tools

EVENING MBA COFFEE BREAKS & DINNERS

The MBA Program Office schedules several coffee breaks and/or dinners each quarter. The coffee breaks are scheduled from 7:35-7:55pm and the dinners are held from 5 – 6 pm. These events are used for general announcements, as well as an opportunity to update you on happenings in the Foster School. Occasionally, guests from the Foster School administration will attend. Dates of these events are announced in the [Evening MBA Newsletter](#).

INFORMATION TECHNOLOGY

The Foster School Information Technology (IT) department maintains and supports computer labs on the first floor of PACCAR Hall.
GETTING HELP

Problems with Canvas should be reported to help@uw.edu. Computer lab problems or issues with other school-owned equipment or software should be reported to pachelp@uw.edu. IT department staff will assist you with these problems. You can also direct any questions you have about IT resources provided by UW or the Foster Program to the MBAA VP of IT.

EMAIL ACCOUNTS AND ACCOUNT EXPIRATION

You are required to have an UW email account. Many important announcements, policies and procedures are sent to you via email, and an account also provides a vital connection to other students and faculty. In addition, you will not be able to access many UW resources without a UW NetID.

CREATING AN ACCOUNT

Once you receive your student ID number and Private Access Code (PAC), available on your graduate school application status screen, you can create your NetID and open an email account. Instructions are available at the IT Connect website.

If you need help, contact UW-IT at (206) 221-5000. Once you have an account, questions or problems should be directed to help@uw.edu.

ACCOUNT EXPIRATION POLICY

A student's computing services expire one quarter and ten days after he or she stops taking courses at the UW. Summer quarter is included in this count. Graduates become eligible for alumni services and may visit this website for more information on those services.

FORWARDING YOUR ACCOUNT

UW email accounts can be forwarded to any email address you choose. This allows you to maintain another account and have your UW emails forwarded there. Email forwarding is also one of the services you can manage from the Web. To manage your UW NetID services on the Web, including email-forwarding go to your Manage Your NetID Resources page.

Forwarded emails can appear as spam to some web browsers and some Internet security systems on company computers, and your UW emails may be filtered by these systems. If you are not receiving emails from the UW listservs on a weekly basis, you should check that your UW emails are not being filtered as junk mail by the software programs on your work or personal computers.
CLOUD-BASED EMAIL AND COLLABORATION SOFTWARE FROM GOOGLE AND MICROSOFT

UW-IT offers a cloud-based collaboration suite from Google. Google Apps allow you to access your UW email via Gmail. In Fall 2015 we expect Microsoft Office 365 will also be available to students, but no firm availability date has been announced as of August 1\textsuperscript{st}. The latest information on student email software is located here.

OTHER UW IT RESOURCES

HARDWARE RESOURCES

Hardware Available for Checkout

If your laptop crashes, or you need equipment for a presentation, the UW Equipment Loan Program has the following equipment available for students free of charge (funded by the Student Technology Fee):

- Laptops
- Projectors
- Cameras
- Video cameras
- Audio
- Calculators
- Tablets

DAWG PRINTS PRINTING SERVICES

Dawg Prints is your on-campus copy and print partner. Dawg Prints provides quality copies and prints for faculty, staff and students. Available throughout UW libraries, print jobs are quickly sent to conveniently located print-release stations. You can pay for these services with the swipe of your Husky Card or, a Dawg Prints Card that can be purchased from card dispensers located in campus libraries.

Print from UW library computers or yours with the Dawg Prints print driver. Cost: B&W prints 12\textcent per side / color 75\textcent with your Husky card.

There are also printers available for your use in the MBA Lounge (Dawg Prints prices apply). See the MBAA IT Printer Drivers page for information.

SOFTWARE/INTERNET SERVICES

Software and Internet services available to all UW students are outlined on this page.
Downloadable Software

In addition to all the above mentioned services, UW provides students with many utility and security software such as **McAfee Antivirus Client, SSH Secure File Transfer, Stata, etc.** You can access these utilities [here](#).

Also, the [Student Technology Fee Committee](#) recently funded a service to provide Microsoft Windows 7 and Microsoft Office to students. The latest information available on that offering is [here](#).

**MAILMAN LISTSERVS**

Mailman is a web-based email distribution list manager. With an email distribution list, you can send an email message to a single address and have it automatically distributed to any number of predetermined addresses. Find out how to set a listserv up for your team or group [here](#).

**CATALYST WEB TOOLS**

The [Catalyst Web Tools](#) are a set of Web-based communication and collaboration applications designed for use in teaching, learning, research, and everyday work. Use of the Catalyst Web Tools is **free** to anyone in the UW community.

- **GoPost** - Create online discussion boards to exchange ideas and information any time from any Internet-connected computer. Online discussions can create community and support collaboration.
- **Collect It** - Collect It makes it easy for you to gather files, provide feedback, and return files online.
- **Common View** - Keep everything you need for your class or project in one convenient location. Use CommonView to organize your Catalyst tools, files, links and other content in an online workspace for people in your class or project group.
- **QuickPoll** - Create a one-question survey to quickly gauge people’s views, opinions, or knowledge. Display the results numerically and graphically.
- **ShareSpaces** - Catalyst ShareSpaces helps groups of people to work collaboratively with files. With ShareSpaces, one person can set up a shared space and then make others members of the space. Members access the shared space by logging in with their UW NetID, and then they can upload and share files that they have stored on their local computer.
- **WebQ** - Whether you are gathering data for your research study or assessing students’ understanding, WebQ provides a quick and reliable way to build and administer online surveys or quizzes. Learn more about WebQ.
HARDWARE AND SOFTWARE RECOMMENDED SPECIFICATIONS

- **Machine Type:** Windows PC or Apple Macintosh*
- **Processor:** Core i5 or i7 processor; 2 GHz or better.
- **Memory:** 4 GB or more
- **Hard Drive:** >100 GB
- **Software:** Microsoft Office is available to all students via the Microsoft Student Option, which is funded by UW’s Student Technology Fee. The latest information is available [here](#).
- **Antivirus:** For antivirus on your Windows Vista or Windows 7 computer, we recommend the free and excellent Windows Defender. Download it [here](#). For Windows 8, Windows 8.1 or Windows 10, Windows Defender is included as part of the OS. Information on using it is available [here](#).
- **Network:** Wireless (WiFi) highly recommended**. Any wireless card with built in WiFi A/B/G/N.

*Apple Macintosh

Many students use Apple Macintosh computers on campus. However, in some cases files may be distributed in a binary, executable format that is only readable on a Windows PC. Apple users may wish to purchase a copy of Parallels or VMWare Fusion software to handle these occasions or use dual boot software.

UWare is an easy to use mechanism for connecting to the Internet using the UW as an Internet Service Provider. This kit also has some useful additional programs. However, connecting to the Internet via the UW can also be achieved using software built into Windows 7 or Mac OS X.

**Network Card and/or wireless card

Wireless Internet connections are available in all of the MBA classrooms as well as Foster Library and the MBA lounge. Students purchasing a laptop should consider buying one that is equipped with a wireless network card. This will allow them to connect to the network and the Internet from most locations in the vicinity of the Foster School of Business. For more information on wireless networking see the [UW Computing website](#).

FOSTER BUSINESS LIBRARY

Located in the lower level of Paccar Hall, the [Foster Business Library](#) is a popular hub of student activity and research. The library provides personal assistance, valuable information, and technology-rich study spaces to support your business research needs.
EXPERT HELP

The Foster business librarians are business-information experts, available to help you online, by email, in person, on the phone, and by appointment. Contact a librarian to begin your next research project.

COMPETITIVE INTELLIGENCE

The Foster Library website is your portal to valuable information that helps you assess opportunities, follow trends, locate financial statistics, and develop business strategies. Use your UW NetID to access many library resources 24/7 from anywhere.

- **Company & Industry Research**: Use professional tools from Hoover’s, Mergent, and IBISWorld to analyze company and industry trends, current activities, and financial performance.

- **Market Research**: Monitor product sales trends, brand market share, and consumer preferences in sources from Euromonitor, Mintel and BCC Research.

- **IT Research Reports**: Gain valuable information technology insights from research and advisory firms Forrester Research and Gartner.

- **Financial Analysis**: Follow stock market trends and company performance with Bloomberg and monitor equity research with Thomson ONE.

- **News Databases**: Use library databases to follow the latest business news from popular sources like the Wall Street Journal, the New York Times, and Harvard Business Review.

VISIT THE LIBRARY

The library provides an environment for collaborative group study and quiet space for individual study, with access to computers, scanners, printers, wireless, power outlets, and a collection of business books and periodicals.
● **Computing:** The library offers 50 PC workstations, 4 with scanners, access to the UW wireless network, and abundant power outlets in study rooms and at study tables.

● **Group Study:** Our 11 group study rooms, some with seating for up to 14 people, are equipped with LCD video monitors, whiteboards, and wireless access. Reserve a room online in advance.

● **Foster e-Readers:** Borrow a Kindle reader loaded with popular business books, including current bestsellers, career planning guides, and recommendations from Foster faculty and staff.

● **Printing and Scanning:** Color and black-and-white laser printers on 100% recycled paper. Print from our computers or yours with the Dawg Prints print driver. Cost: B&W prints 12¢ per side / color 75¢ with your Husky card. Use our scanning stations to photocopy material to print, save, or email.

● **Books:** Foster has a large print collection includes popular and scholarly business books, journals, and reference books. Our course reserves collection contains many current textbooks and class readings. Request books to be delivered to Foster from any of the UW Libraries and other Northwest colleges and universities.

● **Library Hours:** During Autumn, Winter, and Spring Quarters:
  ○ Monday to Thursday 8 am to 11 pm
  ○ Friday 8 am to 5 pm
  ○ Saturday 12 to 5 pm
  ○ Sunday 1 to 10 pm
  ○ Hours are extended during exam weeks and shortened during the summer, between quarters, and on holidays

**UNIVERSITY OF WASHINGTON LIBRARIES**

The Foster Business Library is among 16 that make up the University of Washington Libraries, one of the premier academic research libraries in North America.
STUDENT FACILITIES

STUDY/TEAM ROOMS

FOSTER TEAM ROOMS

PACCAR Hall and Dempsey Hall have a total of 33 team rooms - 28 rooms in PACCAR and 5 in Dempsey Hall. 11 of these are MBA priority (Rooms 314, 316, 318, 320, 322, 324, 326, 360, 362, 366, and 368) and 2 more are shared by the MBA and MPACC Programs (310 and 312). You can book these rooms online on EMS. Instructions for accessing and using EMS are available here.

Please adhere to the following guidelines for team room use:

- Team rooms can be reserved up to 7 days in advance.
- These rooms are to be reserved only for group study, not for individual use. Groups have priority to use the room over individual students. Individual students should use the study carrels in the Foster Library.
- There is a 2-hour time limit per group reservation. Note that teams should NOT book a room for back-to-back 2 hour blocks. Such reservations are subject to cancellation.
- If you do not arrive at your room by 10 minutes after your scheduled start time, your reservation may be cancelled and the room used by walk-up customers.

OTHER UW STUDY SPACES

The University of Washington program SpaceScout can help you find available study rooms in other locations on campus, including facilities with video conferencing capabilities and other functions.

MBA LOUNGE

The MBA Lounge, a gathering place for Evening and Full-time MBA students, is located on the third floor of PACCAR Hall and is maintained by the MBA Association. The lounge is furnished with tables, chairs and couches for studying, eating, and socializing.

Computer workstations are available as well as refrigerators and microwave ovens for student use. The cleanliness and security of the MBA Lounge (including the kitchen area and refrigerator) are the responsibility of the MBAA and MBA students. While the Lounge is only accessible by MBA student ID/Husky Card, students are responsible for their personal property and encouraged not to leave items unattended.
STUDENT MAIL

To receive written communication from faculty, MBA Career Management, MBA Program Office, Foster School administration, MBA organizations and classmates, you have a **personal file folder** in the file cabinet located in the MBA lounge. Note that US Postal Service is not delivered to your lounge mail files.

Because the MBA Program Office and MBAA are not equipped to handle large volumes of student mail, please contact the MBA Program Office before using the school’s address. Off-campus mail is received by the main UW post office, forwarded to the Foster School, and then sorted by the Foster School’s main information desk. Mail sorters make an effort to direct student mail to the MBA Program Office, where it is held until a staff member can deliver it to you. Please be aware that mail for students is frequently misdirected. Junk mail and subscriptions are not delivered.

Student mail files are arranged alphabetically by year and program, with separate sections for evening MBAs, full-time MBAs, and exchange students. You can also find mailboxes for the MBAA, Student Clubs, and the MBA Program Office in the MBA lounge.

**DO NOT leave valuables in your student mail files or the student lounge. These areas are not secure, and the Foster School cannot be responsible for lost or stolen items.**

NAME TAG AND TENT REPLACEMENTS

The MBA Program provides students with a permanent name tag for events and a laminated name tent for classes when they begin the program. The costs are included in your orientation fees. If you lose your name tag or name tent, you can order a replacement [here](#). The costs for replacements are $20 and $3, respectively.
PART III: UNIVERSITY POLICIES & PROCEDURES

FINANCIAL AID

Some employers provide tuition assistance at varying levels for their employees, but many Evening MBA students receive financial aid in the form of loans.

APPLYING FOR FINANCIAL AID

To apply for financial aid (including loans) for each year, you should complete the Free Application for Federal Student Aid Form (FAFSA form).

Although the FAFSA form may be submitted throughout the school year, you are encouraged to submit your application to the federal processor by the priority date of February 28. The UW Office of Student Financial Aid is responsible for determining your eligibility for financial aid from federal, state, and some institutional sources. For complete details on the financial aid program, please review their website.

GRADUATE FUNDING INFORMATION SERVICE (GFIS)

Looking for more ways to fund your MBA education? UW Libraries’ GFIS is a great resource for you. Check out their website for a lot of great tips and resources, or contact them at gfis@uw.edu for drop-in hours or one-on-one appointments. The GFIS office is located in the Research Commons on the first floor of the Allen Library.

INTERNATIONAL STUDENTS

Although you are not eligible for U.S. government or Washington State financial aid, if you have a social security number, you can complete the FAFSA to make you eligible for consideration for need-based scholarships.
MINORITY FINANCIAL AID AWARDS

Minority students can apply for additional aid through the Graduate Opportunities & Minority Achievement Program (GO-MAP). More information on GO-MAP is available at this link.

DISCLOSURE OF STUDENT RECORDS

The University is required [by order of Public Law 93-380, The Family Educational Rights and Privacy Act (FERPA) of 1974], to adopt guidelines for student rights to inspect education records and release of information to third parties.

A summary of pertinent aspects affecting students are listed below. View the complete guidelines with regard to the release of University records.

The Privacy Act also provides you with the right to a hearing in order to provide for the correction or deletion of inaccurate, misleading or otherwise inappropriate data.

PUBLIC ACCESS TO YOUR RECORDS

If you mark "OK to release directory information" when you register, your directory information appears in the UW Student Directory in printed and electronic form. Also, the MBA Program Office is able to give the following information to anyone who asks: name, address, telephone number, major field of studies, dates of attendance, degrees and awards received, full- or part-time enrollment status, and educational institutions attended. Your course schedule (classes, times, days, and rooms) is not disclosed.

MBA STUDENT DIRECTORY INFORMATION

The MBA Program Office publishes a student directory which details various personal information (including information on past degrees and employment). You completed an online release form (separate from the University directory release) asking for your authorization to use this information. This directory is intended for Foster School use only. Please do not share any directory information without first asking permission.
CHANGING DIRECTORY RELEASE INFORMATION

If you do not wish to authorize directory release and do not want your directory information to appear in the UW Student Directory, use MyUW to restrict access to this information. If you wish to change your authorization and allow your information to be released, go to the UW Registration Office, 225 Schmitz, and present photo identification or update the access on your MyUW page.

RÉSUMÉ COMPOSITE BOOK

Please be aware that your résumé and directory information are available in the Resume Composite Book and Foster MBA Jobs for use by MBA Career Management, which mails this information to prospective employers.

UNIVERSITY POLICIES

UW DRUG AND ALCOHOL POLICY

A complete summary of the University of Washington’s drug and alcohol policy can be found online in the Administrative Policy Statements. Following is an excerpt:

“To help ensure the safety and well-being of faculty, staff, students, and the general public, the University is committed to maintaining a campus environment that is free of illegal drugs and of drugs and alcohol that are used illegally. Accordingly, the University prohibits consuming of alcoholic beverages on University property, except in accordance with state of Washington liquor license procedures. The University also prohibits the unlawful possession, use, distribution, or manufacture of alcohol or controlled substances (as defined in Chapter 69.50 RCW) on University property or during University-sponsored activities (Chapter 478–124 WAC). Violation of the University’s alcohol and drug prohibitions is cause for disciplinary or other appropriate action.

These provisions are in accordance with the requirements of the federal Drug-Free Schools and Communities Act Amendments of 1989, and the Drug-Free Workplace Act of 1988”.

STUDENT ASSISTANCE PROGRAMS

Assistance programs are available to students through the Hall Health Center (206.685.1011) and the Counseling Center (206.543.1240).
ADDITIONAL UW POLICIES

Information on the UW Student Conduct Code and Grievance Procedures can be found here.

OTHER RESOURCES

EVENING MBA ASSOCIATION (MBAA)

Upon enrollment in the Evening MBA program, most students choose to join the Evening MBA Association, a student organization that supports the personal, academic, social and professional growth of its members. The Evening MBAA sponsors events, maintains and improves student facilities such as the MBA Lounge, coordinates committees and advisory councils, and serves as the primary channel for bringing student concerns and feedback to the Dean, Associate Dean, and Assistant Dean. The Evening MBAA is the official student voice among administration and faculty, and provides liaison to the Graduate and Professional Student Senate (GPSS) and Masters Program Committee (MPC). Additional information is online.

STUDENT CLUBS

There are currently 23 clubs led by students in the Evening and Full-time MBA Program. Clubs host a variety of events such industry speaker events, company tours, alumni networking events, and cultural celebrations. To see the full list of clubs and their upcoming events, see the MBAA Website.

GRADUATE AND PROFESSIONAL STUDENT SENATE (GPSS)

The Graduate and Professional Student Senate (GPSS) is the official student government representing the 15,000 graduate and professional students at the University of Washington. GPSS exists to actively support and improve all aspects of graduate and professional student life. GPSS provides and advocates for the tools needed to enhance personal and professional development, and safeguards the interests of the students it represents.

The MBA Program typically has one student who represents the program as a senator in the GPSS. If you’re interested in contacting this representative or serving as a senator yourself, contact the MBA Program Office.
