EDUCATION

University of Washington , Seattle, WA	
Ph.D. in Strategic Management	2016-
Yonsei University , Seoul, Korea	
M.S. in Management	2014-2016
B.A. in Business Administration	2007-2014

RESEARCH INTERESTS

My research interests are around the area of behavioral strategy and organizational theory. Specifically, I am interested in how various social forces and cognitive processes shape organizational outcomes such as economic performance, social evaluations, or individual career trajectories. I aim to study this not only in the setting of traditional, hierarchical corporations, but also in the context of cultural markets where organization is temporal and project-based, employment largely relies on informal ties, and performance expectations are vague.

ACADEMIC EXPERIENCE

Teaching Assistant

Strategic Management, Yonsei University (Undergraduate, Fall 2015, Spring 2016)
