2018 CEO SUMMIT

HOW TO BUILD AN ALL-STAR ADVISORY BOARD!

Advisory boards and boards of directors are not just for big corporations. Family-owned and small businesses can benefit from high-performing boards as well. External board members bring networks, valuable strategy advice and most importantly they bring something that is priceless for any successful business: an outside perspective. Learn from experienced leaders of family-owned and mid-sized businesses on how to build, manage, and get the best return from a board.

Through financial support from **Harborstone Credit Union**, this CEO Summit is provided for CEOs and other leading executives at **no cost!** For more information, contact **Wil Tutol** at **206-616-1216** or via email at wtutol@uw.edu
